

India Link Visit Day 3

Tuesday 15th January

Today we have been working with the CRS teachers training them in phonics, English and maths activities. It is great to hear how many of the teachers are using that activities that they did at last year's training and the children are clearly benefitting as many are making amazing progress using phonics to read, write and spell in English and in their number work. The teachers were so enthusiastic and keen to learn and try new things which they can use in their classes. It is challenging to work out how activities which we do often such as games and active learning can be adapted for many of the schools who have extremely limited space but rewarding to see the teachers excited about trying new things.

After delivering the training for a full day we went straight to The Mother House where Mother Teresa's order of nuns live and where she is buried. It was a calm and tranquil place in the midst of busy, dusty streets and it was fascinating to find out more about her and see some artefacts relating to her life.

Finally, a tradition dosa for dinner and then an early night ready for an early start tomorrow to travel out to see Mahamaya, the project we have been fund raising for.
