

Deer Fun

Term 1 2018

This term we have been learning lots about animals. We really enjoyed learning about the different pets some of the Year 1 and 2 parents brought into school to show us.

We had lots of questions to ask our visitors.

Some of us used the I-pads to take our own photos of the pets- we are becoming increasingly confident when taking photos!

One lucky Deer brought in a snake skin which he had been given at a party! We loved hearing all the snake facts- a snake expert in our class!

Did you know that snakes can shed their skin around once a month?

In Art we used lots of different media to create animal pictures from around the world. One week we thought about the snakes which can be found in the rainforests.

We looked at lots of different photographs of snakes, talked about the colours and the patterns, then we decorated our own snakes.

It was so much fun dressing up as animals during the term. We spent time in all four of the Year 1 & 2 classes learning lots about animal art and where in the world animals live.

In Dance lessons we listened to some music and then made up dance to show the life cycle of a frog. We had to move slowly at first, then we had to dart in different directions.

The first 14 Scargill Stars in Deer Class.
