

# Deer Smoothie Making

On Thursday 24<sup>th</sup> May we enjoyed a range of food activities. Here are some photos taken whilst making food smoothies.

One of the blenders had a problem- the smoothie mix went everywhere! It certainly made the children laugh!

Chop or cut and put the fruit into the bender.

So many yummy combinations for fruit smoothies. Why not make one for your family at home using different fruit?

Thank you to those children who helped to tidy up after the smoothie making.

Tasty!  
Healthy!  
Yummy!
