

When I Grow Up, I Want To Be...

A scientist is ready for action.

One champion gymnast is also a busy Mum...

Whilst this vet is busy building his own surgery!

We didn't have to worry about people feeling poorly today- so many doctors and nurses were ready to help.

On Friday 22nd September 2017 we enjoyed our themed dress up day! Deer children came dressed in some amazing costumes and a fab day was had by all.

These two would like to be famous singers and play in a band- one day they might be!

It was such an exciting day. First the we visited Hedgehog class, then we had a visit from two police officers- who put some robbers in the back of a police van!

We found out about what police officers carry with them and how they stop people. Then we heard the loud siren and covered our ears!

Ask a member of your family what their job is- what can you find out?

After Scargill Star Worship we went to find out about the jobs set up in Rabbit class with Mrs Hanson. After lunch we spent some time in the Badger classroom, then we finally spent some time in our own classroom role playing the various jobs.

Exploring, sharing and learning together.

We had so much fun learning about so many professions. We can't wait till the next themed day!
