

Summer Term 1 2017 KS1 Adventures

What a fast paced 5 week we have had!

Here are some photos from our plant dress up day.

We spent time in the five KS1 classes!

What did you dress up as?

Some plants can be eaten- can you name the different parts we can eat?

We did lots of different activities in the classrooms. It was fun having different teachers teaching us!

Why not ask your child about what they learnt- can they show you how they used shading?

Any seen a couple of gnomes?  
Our wonderful TA's love to get into the spirit of dressing up.

We made flowers using tissue paper and straws.  
Beautiful!
