

KS1 Plant Dress Up Day

On Friday 19th May we will be holding our KS1 plant dress up day. The children are very excited about it, and rightly so since it was their idea to have such an event!

So what could the children dress up as? Here are some ideas suggested so far:

- Scarecrow
- Gardener
- Flower
- Tree
- Vegetable
- Fruit

Dressing up can be as simple as wearing brown and come as a potato, or come dressed in green and come as a runner bean.

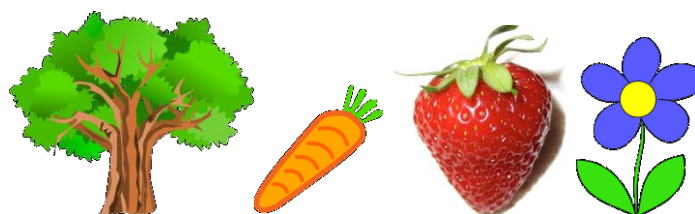

What will happen on the day?

Each class will spend time in the five KS1 classrooms carrying a range of activities including art and enjoying stories.

We will also use some plants which can be eaten- the children are wondering what exactly they will be eating!

Keep an eye out on twitter as we will try to get lots of photos tweeted throughout the day.

The adults will also be dressing up and have been discussing what they are going to wear.

Have fun getting creative!
