

# Sporting Deer - Mini Movers

Today, 14<sup>th</sup> November 2017 we had a fantastic time at Rutland Sports Centre completing a range of sporting activities arranged by the Sports Partnership.

We had a drink break in the morning- it was thirsty work completing lots of sporting activities!

We had so much fun moving around the different activities. We had some great dance moves!

When the music played we had a dance. When the music stopped, we had to make letter shapes with our bodies.

We had to follow instructions so that we could play the games properly.  
We smiled lots and gave big THUMBS UP!
