

## Year 6 English

Week Beginning 22.2.21

Lesson 1 - Monday 22<sup>nd</sup> February 2021

WALT: write a newspaper report.

**This is a COLD TASK.**

In case you need a reminder, a 'Cold Task' is an exercise at the beginning of every unit, or genre in English. You 'have a go' at doing the task without much teacher input. We then work through the rest of the lessons together, thinking about the features that we need to include and what we need to do to improve. At the end of the unit you will then do a 'Hot Task', which is a second go at doing the same piece of work, and hopefully it will be much improved!

The next 2 weeks will be writing newspaper reports. Today we'd like you to do a cold writing task to see what you can remember. You need to choose one of the stories below and imagine you're writing a report for a newspaper about it. You'll need more information for your story, but you can make up the extra details to go in it.

A local person has won 3 million pounds on the lottery and plans to donate some to charity.	A local football team have been promoted up to a higher league, to the delight of their fans
A dog rescued a young boy from being stuck in a hole by alerting his parents and calling for help.	A young girl has discovered a fossil which scientists say is from a previously undiscovered type of dinosaur.

Plan your work first so you don't miss anything important out.

Present your work beautifully. Mrs Bown, Mrs Benn and Mr Attenborough will look forward to reading it.
