Review date: March 2020

INTRODUCTION

- 1.1 The internet provides a range of social media tools that allow users to interact with one another, for example from rediscovering friends on social networking sites such as *Facebook* to keeping up with other people's lives on *Twitter* and maintaining pages on internet encyclopaedias such as *Wikipedia*.
- 1.2 While recognising the benefits of these media for new opportunities for communication, this policy sets out the principles that Staff and Governors are expected to follow when using social media.
- 1.3 It is crucial that pupils, parents and the public at large have confidence in the school's decisions and services. The principles set out in this policy are designed to ensure that staff and governors use social media responsibly so that confidentiality of pupils and other staff and the reputation of the school is maintained.
- 1.4 Staff and governors must be conscious at all times of the need to keep their personal and professional lives separate.

4 PRINCIPLES — *BE PROFESSIONAL, RESPONSIBLE AND RESPECTFUL*

- 4.1 You must be conscious at all times of the need to keep your personal and professional lives separate. You should not put yourself in a position where there is a conflict between your work for the school and your personal interests.
- 4.2 You must not engage in activities involving social media which might bring Scargill Church of England Primary School into disrepute.
- 4.3 You must not represent your personal views as those of Scargill Church of England Primary School on any social medium.
- 4.4 You must not discuss personal information about pupils, Scargill Church of England Primary School staff and other professionals you interact with as part of your job on social media.
- 4.5 You must not use social media and the internet in any way to attack, insult, abuse or defame pupils, their family members, colleagues, other professionals, other organisations, Scargill Church of England Primary School.

5 USE OF MOBILE PHONES

- 5.1 The following rules apply for the use of personal mobile phones;
- Children are **not** permitted to bring mobile phones to school.
 - The school accepts that employees will bring their mobile phones to work.
 - As a general rule, employees are not permitted to make/receive calls/texts during work time. (excluding break times)
 - Staff should ensure that mobile phones are turned off or on silent at all times while on school premises. They should be kept in a drawer or bag and not be left on display.
 - In the event that an employee has a particular reason for a specified period of time, they may request via the Head that they leave their phone on during working hours.
 - Mobile phones should not be used in a space where children are present (eg. Classroom, playground).

6 PERSONAL USE OF SOCIAL MEDIA

- 6.1 Staff members must not identify themselves as employees of Scargill Church of England Primary School in their personal webspace. This is to prevent information on these sites from being linked with the school and to safeguard the privacy of staff members, particularly those involved in providing sensitive frontline services.
- 6.2 Staff members must not have contact through any personal social medium with any pupil, whether from Scargill Church of England Primary School or any other school, unless the pupils are family members or have no connection with the school.
- 6.3 Scargill Church of England Primary School does not expect staff members to discontinue contact with their family members via personal social media once the school starts providing services for them. However, any information staff members obtain in

the course of their employment must not be used for personal gain nor be passed on to others who may use it in such a way.

- 6.4 Staff members must not have any contact with pupils' family members through personal social media if that contact is likely to constitute a conflict of interest or call into question their objectivity.
- 6.5 If staff members wish to communicate with pupils through social media sites or to enable pupils to keep in touch with one another, they can only do so with the approval of the school and through official school sites.
- 6.6 Staff members must decline 'friend requests' from pupils they receive in their personal social media accounts. Instead, if they receive such requests from pupils who are not family members, they must discuss these in general terms in class and signpost pupils to become 'friends' of the official school site.
- 6.7 On leaving Scargill Church of England Primary School's service, staff members must not contact Scargill Church of England Primary School pupils by means of personal social media sites. Similarly, staff members must not contact pupils from their former schools by means of personal social media.
- 6.8 Information staff members have access to as part of their employment, including personal information about pupils and their family members, colleagues, and other parties and school must not be discussed on their personal webspace.
- 6.9 Photographs, videos or any other types of image of pupils and their families or images depicting staff members wearing school uniforms or clothing with school logos or images identifying sensitive school premises must not be published on personal webspace.
- 6.10 School email addresses and other official contact details must not be used for setting up personal social media accounts or to communicate through such media.
- 6.11 Staff members must not edit open access online encyclopaedias such as *Wikipedia* in a personal capacity at work. This is because the source of the correction will be recorded as the employer's IP address and the intervention will, therefore, appear as if it comes from the employer itself.
- 6.12 Scargill Church of England Primary School corporate, service or team logos or brands must not be used or published on personal webspace.
- 6.13 Caution is advised when inviting work colleagues to be 'friends' in personal social networking sites. Social networking sites blur the line between work and personal lives and it may be difficult to maintain professional relationships or it might be just too embarrassing if too much personal information is known in the work place.
- 6.14 Staff members are strongly advised to ensure that they set the privacy levels of their personal sites as strictly as they can and to opt out of public listings on social networking sites to protect their own privacy. Staff members should keep their passwords confidential, change them often and be careful about what is posted online; it is not safe to reveal home addresses, telephone numbers and other personal information. It is a good idea to use a separate email address just for social networking so that any other contact details are not given away.

7.1 Staff members can only use official school sites for communicating with pupils or to enable pupils to communicate with one another.

7.2 There must be a strong pedagogical or business reason for creating official school sites to communicate with pupils or others. Staff must not create sites for trivial reasons which could expose the school to unwelcome publicity or cause reputational damage.

7.3 Staff members must at all times act in the best interests of children and young people when creating, participating in or contributing content to social media sites.
