

Art
Friday 26th February

WALT: Create a poster using a vintage design.

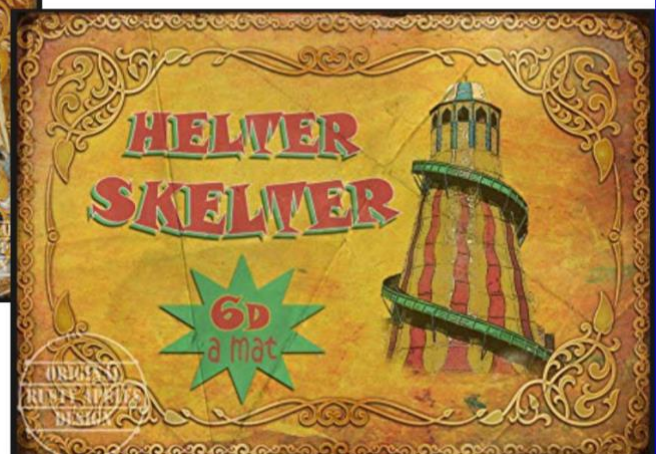

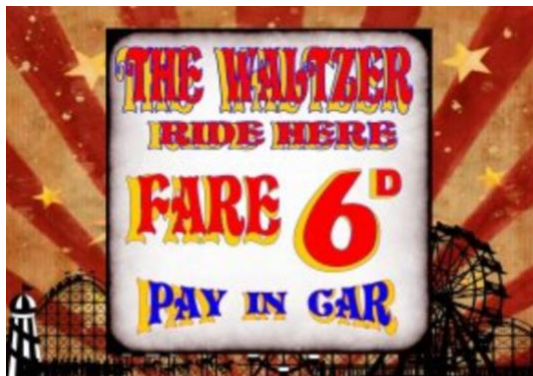

Resources: There are few sheets for you to use today.

1. Instruction sheet
2. Table for you to complete
3. Sheet of designs and font samples
4. A design sheet which you might want to use

Our new topic is Fun at the Fair. We are sure lots of you have visited a fun fair or theme park before. Your experiences there are going to help you create your own vintage poster.

Look at the poster designs below and complete the chart to help you think about the design.

Task One

Complete the table about the different designs. See the additional sheet.

What do you notice about the colours that are used?	
What do you notice about the lettering/fonts?	
What shapes/images are used?	
What information is included on the poster?	
What are the similarities between them all?	

Task Two

Now you have have looked at the designs you now need to create your own design.

From looking at the designs you will have noticed that the posters use a limited pallet of colours: red, orange, yellow, brown and cream. Think back to what you remeber from your visit to the Sun Fair or theme park, you could use some of these pictures to design your poster or borrow some images from the posters above.

WILE

- Images of the fair ground
- Only use red, orange, yellow, brown and cream
- Be inspired by the poster designs
- Use the font designs to make your poster authentic
